RUSSIAN GEOGRAPHY

Russian Geography

In this section, you will need to know:

1. Russia's contemporary borders;
2. Which countries used to be under Russia's rule;
3. Main Russian rivers and seas;
4. Russian ecoregions, climate and vegetation;
5. Depiction of nature in Russian art.

Learn Russian geography by completing the modules below and take the Geography Quiz (non-graded, but it gives you extra credit).

[What do you already know about Russia?](#)

[1. Russia's location and borders](#)

[2. Russian Regions](#)

[3. Main Russian rivers and seas](#)

[4. Russian climate and vegetation](#)

[5. Russian Nature in Art](#)

[Video Map of the Expansion of Russia 750-1991](#)[Russian Geography Quiz](#)

25 questions, matching or multiple choice.

The quiz is non-graded but gives you extra credit.

You can take the quiz up to five times to get the best score.
